Introducing ANIME ARCHIVES!

This catalog is filled with anime, or, for the uninitiated, Japanese animation. If you're already a fan, go directly to the New Releases section. If you're not, read on!

American animation (with a few noble exceptions) has always been regarded as strictly for children. As such it has become more and more sanitized, lest the kiddies drop an anvil on the cat. While there's plenty of Japanese animation produced for children, that's definitely not the case with most of the anime that has reached the U.S. It's adventurous, it's violent, it's sexy—in short, it's exciting.

From the ROBOTECH TV series, with its massive space battles, big robots, and interesting characters to AKIRA, the feature film that introduced anime to the adult audience, to the zany RANMA 1/2 (would any Western producer attempt a cartoon based on the concept that a boy and his father turn into a girl and a giant panda when they get wet, much less turn it into a major industry?), there's plenty of great viewing for fans of action, adventure, fantasy, science fiction, and horror comics, movies and even games—the latter will want to check out RECORD OF THE LODOSS WARS in the New Releases section.

Flip this book over, and you'll find a selection of the best manga—Japanese comic books and graphic novels—upon which the videos are based (or that are based on the videos). And we've included a sampling of other, related products, too.

And watch the Video and Media sections of ADVANCE COMICS each month for the newest, hottest anime releases as well as selected titles from the past, obscure gems you may have missed, magazines, books, and more.

ROBOTECH: MOSPEADA PERFECT COLLECTION Volume 6 #90693

_____ N

Contains episodes #11 and 12 of GENESIS CLIMBER: MOSPEADA, originally broadcast in Japan in November 1983, and episodes #71 and 72 of ROBOTECH (*The Secret Route, The Fortress*), first seen in the U.S. in 1985. 100 minutes. S.R.P. $19.95.

RUPAN III: LEGEND OF THE GOLD OF BABYLON #AT095-002

_____ N

Rupan, Lupin, however you misspell or mispronounce his name, he's still the greatest thief in the world, and this time he's up against the Polish Mafia (if you don't pay their "protection" fees, they shoot themselves—hey! it's a joke!), a bevy of beautiful policewomen, Inspector Zenigata, a mysterious bag lady, and his own toothsome girlfriend in a transcontinental race to find the Tower of Babel. And it's not that boring old Biblical one either—it's the original, and it's made of solid gold. 100 minutes, subtitled. S.R.P.: $24.95. Also available on Laserdisc—see below.

STAR BLAZERS COLLECTORS SERIES 3: THE BOLAR WARS

_____ N

Collect the entire BOLAR WARS saga (Volumes 27-39)—often referred to as "The Lost Episodes" because they weren't widely syndicated on U.S. TV—in one boxed set! It's 2203, and a Bolar nuclear explosion on the sun has forced Earth's population into underground cities. The StarBlazers seek a planet that will support life, but they're drawn into yet another intergalactic war with space battles, black holes, a living planet, and more combining toward a thrilling conclusion to the entire STAR BLAZERS series. QUESTAR Magazine called STAR BLAZERS "the best animated science fiction adventure ever produced." The 25 episodes in this set would cost $240 if purchased separately. S.R.P.: $159.95. See the Anime Archive section below for the two other STAR BLAZERS Box Sets, and check out Argo Press in the comics section of this month's ADVANCE COMICS for a new STAR BLAZERS comic book.

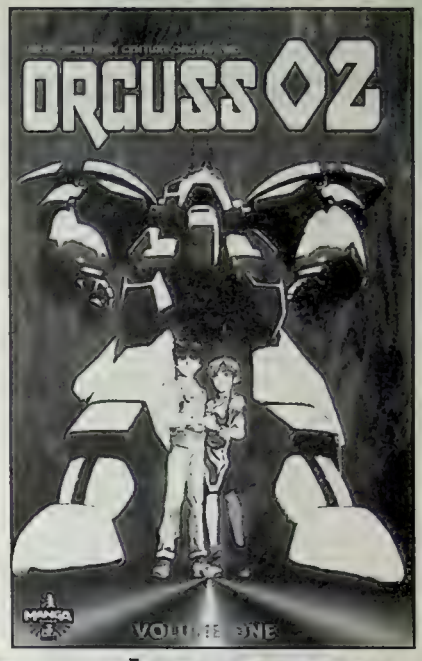
ORGUSS 02 Vol. 1 $14.95

AN EPIC BATTLE FOR CONTROL OF DEVASTATING WAR MACHINES!



For 200 years they lay deep beneath the earth or silent on the ocean bed. Now two opposing armies race to unearth these massive engines of war, the devastating weapons known as *Decimators*. As more of these vast robots are reactivated, the world moves ever closer to another all-out war, drawing innocent victims into the deadly conflict.

One such innocent is *Lean*, a young mechanic working on a routine excavation of a submerged Decimator. Routine that is, until an ambush by the hostile *Zafrins* forces Lean to pilot the armor in order to survive and hurls him into a whirlwind of subterfuge, intrigue and relentless gunfire.

Two fatal fighters. Two furious battles.

In the tradition of martial arts films such as Bruce Lee's *Enter the Dragon* and director John Woo's *The Killer* comes a hard-hitting new animated video from Japanese action director Masami Obari.

When world-class martial artist Jeff Bogard is brutally murdered before his sons' eyes by a former family friend, young Terry and Andy Bogard must devote their spirits, their talents, their very lives to learning their father's bare-knuckled street fighting techniques. If they get good enough, fast enough, *furious* enough, they stand a chance of avenging their father's death. *If.*

As the time of the King of Fighters tournament approaches, only one son will be chosen by their father's master to learn the legendary *hakkyokuseiken* technique. Will it be older brother Terry, a loner by nature, whose freedom-loving spirit finds great joy in his own hard-earned street fighting skills? Or will it be tough little brother Andy, silver-haired and beautiful, whose special attacks include "Flying Wing Fist" and "Super Explosive Rending Bullet"?

In the blood-soaked and honor-bound world of martial arts, a martial artist's technique isn't just a means to an end…it's a way of life. Based on the internationally best-selling video game for the Neo-Geo, Super Nintendo and Sega game systems, phenomenal fight scenes and non-stop action make *Fatal Fury* a sure-fire hit with fans of Hong Kong action films and video game enthusiasts alike.

Fatal Fury from Viz Video: In an age of scientific wonders and technological miracles, the human body is still the world's most dangerous machine.™

[R] DEVIL HUNTER YOHKO

_____ N 189981

Mature viewers: nudity, violence, adult situations.

Pretty young Yohko Mano is faced with some rather atypical questions. What to do when your high school principal is a witch who wants her dead? What to do when one of your best friends has been turned into a zombie and another into an incubus? And what about her ninja granny? It's just part of everyday life, though, when you're the 108th generation of a devil-hunting family and personally obliged to save humanity from an invasion of bloodthirsty demons. 45 minutes, subtitled. S.R.P.: $29.95.

_____ N 223122

Mature viewers.

Together again for the first time! In DEVIL HUNTER YOHKO 2, a local shrine is destroyed, and our heroine must put the vengeful spirits back in their graves—and contend with killer trees, possessed puppy dogs, demonic construction equipment, and, worst of all, an apprentice devil hunter, Azusa, who shows up unannounced and ready to move in. Oh, and there's a small problem with Yohko's capitalist pal Chigako who's decided that a friend with supernatural powers is worth big bucks. Then, in DEVIL HUNTER YOHKO 3, Yohko is kidnapped to an alternate dimension ruled by the Dragon King Ryu-o. While Asuza and Chigako frantically try to reopen the door to the demon plane, Yohko is busy battling various demons and monsters to save the handsome prince—and her so-called allies have an agenda of their own. YOHKO 2 and YOHKO 3: 65 minutes of demonic delights, subtitled. S.R.P.: $34.95.

HOT FLASH!

[R] LEGEND OF THE FOREST

Widely hailed as one of the most ambitious experimental films ever to come out of Japan, LEGEND OF THE FOREST (1988) is manga and anime legend Osamu Tezuka's FANTASIA. It traces the early history of animation in the United States with a series of vignettes, each chronicling a different era—from Winsor McCay to the Fleischer brothers to Walt Disney—held together by Tchaikovsky's 4th Symphony. The environmental theme illustrates man's destruction of the natural world and the forest's own reactions, but LEGEND OF THE FOREST is never didactic. It's stylish and subtle, and so careful is its construction that there's no need of dialogue. This unique film from the creator of Astro Boy and Kimba the White Lion proves that some of the best stories are wordless. Highly recommended. 30 minutes, color. S.R.P.: $12.95.

The planet Yietta, where the locals make their living through tourism, is about to gain its independence from the Federation. Tita, the 17-year-old captain of a ship that sells the planet's exotic animal life to intergalactic pet stores, finds herself swept up in a plot to deny Yietta its hard-earned independence. When she rescues Alysse, whom the military-industrial complex (yes, they're still around) thinks possesses a vital computer code, she's forced to enter into a deadly game of cat and mouse with a dastardly band of hired killers. 45 minutes, subtitled. RG VEDA Part 2

The Hilarious Martial-Arts Sex Comedy By Bestselling Manga Artist Rumiko Takahashi!

Actual Videocassette Packaging

THE CUTTING EDGE OF POP CULTURE.

Disney liked it so much they adapted one of its most famous stories into *The Lion King*. Rock star Matthew Sweet tattooed his arm with a character from Takahashi's sweetly surrealistic *Urusei Yatsura* series. Hong Kong action film aficionado and Generation-X avatar Quentin Tarantino, director of the cult classic black comedy *Reservoir Dogs*, included a character wearing a *Speed Racer* T-shirt in his latest film, *Pulp Fiction*.

It's always been with us, but only recently has Japanese animation or anime (say "Annie May") been recognized as the cutting edge of American pop culture. And Rumiko Takahashi, the world's bestselling female comic artist, is the most talented star in the entire anime constellation.

Ranma 1/2 is the story of a boy and his father, the martial arts team of Ranma and Genma Saotome, who visit the cursed training grounds of the legendary Jusenkyo one fateful day in China. Falling into one of the area's many springs instantly turns you into whoever—or whatever—drowned there last. Genma turns into a giant panda, while Ranma...well, Ranma turns into a zaftig, red-haired and female version of himself. From now on, a splash of cold water will transform both of them into their Jusenkyo alter-egos. Hot water will reverse the effect, but only until the next time. What's a half-guy, half-girl to do?

In "Darling Charlotte," precious ice princess Azusa Shiratori (the girl who goes gaga for anything "cute") kidnaps Akane's beloved widdle bwack piggy. If Ranma and Akane are to get P-Chan back, they must do battle with Azusa and her partner, the dashing Mikado Sanzenin, in an anything-goes martial arts figure-skating fight to the finish. It's going to take more than a pair of ice skates to beat these two!

Based on the manga published by Viz Comics, *Ranma 1/2: Anything-Goes Martial Arts* is an all-new animated series which picks up where the first bestselling *Ranma 1/2* series left off, featuring more action, more characters, and more martial arts than ever before! *Ranma 1/2* by the irrepressible Rumiko Takahashi: Yin and Yang Was Never So Much Fun!™

[R] A WIND NAMED AMNESIA #USM1108

_____ N 218372

Mature viewers.

It came silently, sweeping across the earth, and everybody who touched it forgot...everything—who they were, how to speak, how to use the implements of modern civilization. The WIND NAMED AMNESIA swept away all of mankind's knowledge, and thousands of years of civilization vanished in a trice. Now, two years later a young man wanders the landscape of an America reduced to barbarism. Miraculously reeducated after the disaster and accompanied by a mysterious woman who somehow was spared the wind's damage, he embarks on an odyssey of danger and discovery—pursued by a relentless killing machine. This highly original science fiction combines the talents of a quartet of anime heavy hitters: Kazuo Yamakazi (LUM THE FOREVER), Hideyuki Kikuchi (DEMON CITY SHINJUKU), Rin Taro (HARMAGEDDON), and Yoshiaki Kawajiri (WICKED CITY). 80 minutes, subtitled. S.R.P.: $29.95.

[R] THE GUYVER/LIVE ACTION #75613

_____ N 214990

Not actually from Japan, but we didn't know where else to put it! Based on the popular anime series, this live action version of THE GUYVER ("Part Human. Part Alien. Pure Superpower.") features Jack Armstrong (STUDENT BODIES) as a college student thrust into heroism when he finds the alien device that transforms him into s super-powerful fighting machine. Mark Hamill is a CIA spook determined to keep the device from falling into the hands of the Zoanoids, humanoid mutants who morph into monsters. Written and directed by Steve Wang and Screaming Mad George (1991). S.R.P.: $19.95.

[R] THE HIDDEN FORTRESS #HD030

_____ N 203234

George Lucas has acknowledged this 1958 film as the inspiration for STAR WARS. In fact, Akira Kurosawa could sue: Princess must make dangerous journey to her homeland, accompanied by a brave and resourceful soldier and two bumbling hangers-on, while murderous villains pursue. THE HIDDEN FORTRESS is a wonderfully entertaining mixture of humor and excitement, owing as much to the great Hollywood action pictures as to the samurai genre. Toshiro Mifune and Takashi Shimura star. Letterboxed, subtitled, 139 minutes, B&W. S.R.P.: $39.95.

THE HIDDEN FORTRESS

[R] KWAIDAN #KWA010

_____ N

Called one of the most beautiful films ever made in Japan by THE NEW YORK TIMES, KWAIDAN is an engrossing masterpiece of four nightmarish tales in which terror thrives and demons lurk. Director Masaki Kobayashi's handsomely conceived imagery conveys a sensual quality that immerses the viewer in the spirit world. Combining stunning visual effects with beautiful use of color, KWAIDAN is a supernatural experience beyond imagination. 164 minutes on two tapes, digitally remastered with new subtitles, color, 1964. S.R.P.: $49.95.

[R] LUPINE WOLF: LONE WOLF WITH CUB

_____ N 147554

Here's the only currently available video from the famed SWORD OF VENGEANCE series of samurai splatter epics that was brought to comics by the great Koike/Ikegami team. A disgraced decapitator, now an outlaw assassin, wanders feudal Japan, pushing his young son in a baby cart. "Adventures in butchery along a trail of gore!" 89 minutes, subtitled. S.R.P.: $39.98.

LUPINE WOLF: LONE WOLF WITH CUB

[R] TETSUO THE IRON MAN

_____ N 195336

Mature viewers. Extreme violence.

This legendary Japanese film combines the world of David Lynch's ERASERHEAD, the grotesque comedy of THE EVIL DEAD, and the exploding-head SFX of David Cronenberg and hurls them all at the viewer with the relentless pace of a Tex Avery cartoon. "A cyberpunk fever dream," said THE BOSTON GLOBE; other reviews were no less enthusiastic: "Brilliantly conceived," "Shockingly hilarious," "Astonishing!," "Convulsive," "Hyperventilating." Made in 1989 for $50,000 by Shinya Tsukamoto, TETSUO also draws on the worlds of Japanese outlaw rock and fringe theater as well as AKIRA, GODZILLA, underground movies, Roger Corman, KOYAANISQATSI, and hardcore manga. It's almost impossible to describe the plot: a square named Salaryman accidentally runs over a Metal Fetishist and is horrified to find himself turning into a metal being with some very bizarre appendages. Subtitled, B&W. S.R.P.: $19.98. Highest recommendation, but strongest possible Mature Viewers caution!

Introducing MEGA-MANGA!

Since the early 80s, comics have accounted for over 25% of the total books and magazines published in Japan—over 1.5 *billion* comics are sold annually in a nation with a population only half that of the U.S. Weekly comics with circulations of over a million are the norm.

Why the greater acceptance of comics in Japan? First, most comics are creator-owned or controlled, allowing a continuity and attention to detail not found in company-produced comics. Second, the comics are targeted at all segments of the population, young and old, male and female. Finally, the medium is totally visual—the pictures are the story, unlike American comics that rely heavily on word balloons and are often little more than extended fight scenes.

All of the above facts also contribute to the success of anime, which has a unique synergy with manga. Flip this book over for the best selection of Japanese cartoons anywhere.

And be sure to check out the comics section of ADVANCE COMICS this month and every month for the lastest manga to reach these shores, from Viz, Dark Horse, and other fine U.S. publishers.

Keep This Catalog!

Once you've looked through ANIME ARCHVE/MEGA-MANGA, hang on to it. Unlike comic books and trading cards, all the videos and most of the other products listed are always available. The six-digit number on the line under the title is all you need to order anything from this catalog.
